MONSTER CROWD GREET'S BRYAN

The Great Commoner, Enthusiastic in the Work of the Campaign, Was at His Best, Showing No Ill Effects of the Four Days Out-of-door Campaigning in Ohio, Save That His Face Was Slightly Tanned By the Sun and Wind.

EXPRESSED PLEASURE AT RECEPTION ACCORDED HIM BY FAYETTE COUNTIANS

Hard Raps Against the Liquor Traffic Are Handed Out Straight From the Shoulder By Speaker, Who Closed With an Eloquent and Stirring Appeal to American Patriotism and Manhood.

Beautiful weather conditions, a clear sky, bright, warm sunshine and a tremendous crowd greeted Mr. Bryan on his arrival in this city Friday morning at 10:35 o'clock.

A number of prominent citizens met the Bryan special train at the union depot and escorted the party directly to the court house square.

Accompanying Mr. Bryan on the special which arrived from Xenia over the C. H. & D. railroad a few minutes in advance of schedule time were Mrs. Bryan, Dr. Hindman, who has charge of the party, Mr. McKee of the Cleveland Plain Dealer, C. C. Lyon, of the Scripps McRea Newspaper League, Frank Ward, of The Cleveland Leader-News and a number of other newspaper correspondents and reporters.

Mr. Bryan showed the effects of his week of campaigning in Ohio for state wide prohibition only in the tanned skin. His voice was clear and almost entirely free from any evidence of the strain of so much out door speaking.

Court street and Main street for nearly two blocks were almost made impassable by the number of vehicles which were parked along the curbs on both sides of the street.

Conservative estimates place the number who were able to obtain positions on the court house lawn within range of Mr. Bryan's voice, at three thousand. The crowd was made up of the best citizens of the city and county. Men and women came from all sections of the country and were early at the meeting place striving to secure or to hold points of vantage.

Prior to the arrival of Mr. Bryan, Hon. Chas. A. Reid and Dr. R. M. Hughey addressed the crowd, both of them delivering powerful and convincing arguments in favor of state wide prohibition.

The crowds of people and the congestion of vehicles made it impossible for Mr. Bryan to be conducted to the steps at the south front of the court house from Court street as originally planned and the speaker and his party left the automobile at the west front, coming through the corridor to the south front steps.

Every available foot of space on the south court house lawn even as far out as the curb on Court street was literally packed with men and women. About nine-tenths of the crowd was made up of voters.

Arriving at the appointed place for speaking Mr. Bryan was welcomed by the chairman, Mr. W. B. Rogers, who without any waste of time and in order that Mr. Bryan would be able to utilize every minute available in addressing the audience, introduced the speaker as "William Jennings Bryan, not of Nebraska, but of the United States of America."

The Commoner began at once on his subject, taking up first the discussion of the so-called stability amendment proposal which he characterized as a vicious attack upon the underlying principles of the

victims are taken. It could be cleaned as a corpse for burial. It had sinned away its day of grace and the remedy now is not in trying to purify a thing constitutionally impure, but to put it out of existence.

Mr. Bryan also reiterated the statement that the democratic party of Ohio owed nothing to the liquor interests, citing as illustration that Hamilton county last year which gave 75,000 against state prohibition also gave a majority against the democratic candidate for governor last year.

In answering the argument that prohibition will throw people out of employment he quoted a German professor as saying that the only people who would be thrown out of employment would be the wash women who now have to support the family while the husband loaf around the saloon.

The speaker was interrupted frequently by outbursts of applause from the audience.

The crowds who heard Mr. Bryan today are probably the largest ever gathered together at a public meeting in this city for over twenty years.

Although Mr. Bryan's arrival was greeted with generous applause the wild enthusiasm of political meetings was not in evidence. The hearers were more serious in this matter and more intent on the discussion than is usual in the partisan gatherings.

The newspapermen who accompanied Mr. Bryan were enthusiastic, stating that everywhere enormous crowds were coming out to hear Mr. Bryan and his arguments were producing a very manifest result in the increase of the followers of state wide prohibition.

Mr. Bryan, here as elsewhere, made his appeal to men irrespective of party pledging the republicans that if they would drive the liquor interests out of their party he would use every effort at his command to drive it out of the democratic party.

While Mr. Bryan arrived a little in advance of the schedule time he spoke longer here than that allotted in the schedule.

He was very much pleased at both the size and the personnel of his audience and more than once remarked that it was one of the best meetings he had addressed.

Th party left for Wilmington promptly at 11:15, several local men accompanying the party as far as Wilmington.

Mr. Walter Hamilton and Mr. B. E. Kelley leaving with the train to make the entire day's trip which is to be concluded with a night meeting at Dayton.

LITTLE PAY DIRT FOUND

Report of Examiner Jones Finds About \$1500 Really Due the County—An Equal Sum Not Held for Recovery—Compliments Officials

Copies of the report of T. W. Jones state examiner, who recently conducted an examination of the county offices, have been received from the Bureau of Inspection and Supervision of Public Offices. It is an exhaustive document covering 84 typewritten pages and deals very carefully with affairs for the period from January 1914 to June, 1915.

In his letter to Hon. A. V. Donahy, chief inspector and supervisor, Mr. Jones said:

"We are pleased to state that the affairs of this county are in a healthy financial condition, not a fund overdrawn at the inception of this inspection, and with but \$17,500 of a bonded indebtedness.

"Your examiners found all of the offices conducted in a careful manner and found a willing acquiescence in the recommendations of the bureau. There were a few honest mistakes and a few illegal allowances of fees which are yet the subject of controversy and adjustment."

The report finds against various officials past and present for illegal allowances; for interest charges and errors, the total of which is \$1,573.31. A portion of this sum has since been refunded. In a number of instances no notice of the intentions of those charged has been received, while others have signified their intention to resist. Included in this finding is the sum of \$10 each against four county school officials for attending the county institute. One of these officials returned the money.

In the report is also a finding for the county of \$1,497.66 in illegal allowances for Pasture treatment, sheep claims, Boxwell commencement, ex-shepherd fees and for services of the county Board of Education.

This latter sum is not held for recovery.

COUPLE FOUND DEAD

Lexington, Ky., Oct. 28.—John Pace and wife were found dead in bed at their home on Bull Skin creek, Leslie county. Each of the bodies had been riddled with bullets. According to the officers, the shots had been fired through a window while the two were sleeping. Mr. Pace was a prosperous farmer.

HORSE THROWS ENGLISH KING

London, October 29.—King George was thrown from his horse and seriously bruised yesterday morning according to an official announcement made today, which says "while the King this morning (Thursday) was inspecting his army in the field his horse, excited by the cheers of the troops, reared up and fell. The king was bruised severely and will be confined to bed for the present. A later bulletin under today's date says: "The king has had a fair night with some sleep. The temperature is now 99.2 and pulse 75. His majesty's general condition has improved and no complications have arisen.

\$60,000 OHIO BUILDING WORTH FEW HUNDREDS

Columbus, October 29.—Ohio's \$60,000 building at the Panama-Pacific exposition probably can not be sold for more than a few hundred dollars after the exposition ends next month, Sherman A. Cuneo of Upper Sandusky, secretary of the Ohio commission for the exposition, reported today to Governor Willis on his return from a brief business trip.

The building probably will be sold to house wreckers who will tear it down and sell the material. Prices offered by these wrecking contractors are abnormally low because of the great number of buildings to be razed and the comparatively small demand along the California coast for the materials. Mr. Cuneo explained. The Illinois building, which cost nearly three times as much as Ohio's building, was sold to wreckers for only \$1,000.

JAPS ASK DELAY

Peking, China, October 29.—The Russian and British ministers and the Japanese charge called on the Chinese foreign minister yesterday concerning the results of China's change to a monarchical form of government.

The Japanese diplomat made a friendly suggestion, on behalf of China, that the change be delayed for some time.

PACT IS SIGNED

London, October 29.—Japan has become a party to the agreement not to conclude a separate peace.

Announcement was made today that a note was addressed to the Japanese government on October 19 inviting it to give adherence to the declaration of Great Britain, France and Russia, signed on September 5 of last year, that none of these nations should conclude a separate peace.

Italy also is a party to this agreement.

ALLIES NOTE BIG BATTLE IS EXPECTED

Situation in Serbia Said to Look Better to Entente—French and Serbians on Offensive—Berlin Claims More Successes—English Casualties Since Opening of the War Half a Million

By Associated Press.

London, October 29.—While Austro-German forces from the north and Bulgarian armies from the east are steadily pressing in upon the Serbians, the situation in south Serbia is reported improved from the viewpoint of the entente allies.

The French operations in the southern sector of the Serbian front have been carried on so successfully that the fall of Strumitsa in Bulgaria is imminent. Athens hears. Heights dominating the town have been occupied by the French. French and Serbians are now on the offensive northward along the railroad to Nish and are marching on Istip, it is reported.

London, October 29.—The Serbians have been driven over the border eastward from Visegrad, in Bosnia, and other advances have been scored by the Teutonic and Bulgarian forces engaged in the Serbian invasion, Berlin announces today.

The Bulgarians are pursuing the retreating Serbians along the eastern front, the statement declares.

The German War Office reports conditions unchanged in the east, further progress of attacks on Dvinsk and Riga being recorded.

London, October 29.—British casualties from the beginning of the war to October 9 were 493,394. The casualties as given officially up to August 21 were 381,983.

This shows a total between that time and October 9 of 111,311, or a daily average of 2,271. Losses between June 9 and August 21 averaged about 1500 daily.

The marked increase over the summer losses may be accounted for by heavy fighting on the western front.

A written statement sent by Premier Asquith to the House of Commons gives total casualties in all operations as follows:

Killed—Officers, 6,660; other rank 94,992. Wounded—Officers, 12,633; other ranks 304,832. Missing—Officers, 2,000; other ranks, 72,177. Total—Officers, 21,293; other ranks 472,001.

Paris, October 29.—President Poincare today received the formal collective resignation of the entire Viviani ministry, giving official form to the decision of the cabinet yesterday to retire. The president requested Aristide Briand to form a new cabinet. M. Viviani's letter of resignation calls attention to the fact that 150 members of the Chamber of Deputies declined to vote on his recent request for a vote of confidence and declares his resignation would permit the appointment of a premier who could consolidate all elements and secure a unification.

REDFIELD'S WORDS ARE IRRITATING

Washington, Oct. 29.—The possibility of Secretary of Commerce Redfield resigning from the cabinet was widely discussed here as the result, it is stated, of the irritation felt in high circles at statements which have been made by Mr. Redfield as to measure which might be adopted to prevent the dumping of European goods at low prices in the American markets at the end of the war.

Following a conference with the president, Secretary Redfield announced that he would recommend to congress the enactment of a law making the dumping of foreign made goods at below the market price punishable as a violation of the anti-trust laws. Mr. Redfield, in a statement attributed to him, outlined the legislation which he had in mind. The president's close friends gave evidence of surprise when they read Mr. Redfield's statement. Steps were immediately taken to ascertain if the president had authorized any such utterance and an emphatic denial was made that the secretary of commerce had spoken any opinions but his own.

By Associated Press.

Douglas, Arizona, October 29.—Reinforced by artillery which arrived this morning, the Carranza garrison at Agua Prieta, across the border from here, awaited at noon today an attack by a greatly superior force of followers of General Villa.

The battle, which it is believed may decide the future importance of Villa as a factor in the Mexican situation, was expected hourly.

The Carranza forces number about 3,700 men, with 20 3-inch field guns and 50 machine guns.

A Villa force of from 6,000 to 12,000 men with 28 field guns, was advancing on the town.

Meanwhile, on this side of the border 5,000 American troops, with 16 field guns, were prepared to prevent the combatants from doing damage to American life and property.

Five thousand Carranza troops are coming by rail through the United States to aid the garrison, and 14,000 Carranza men are reported to have started overland from Torreon.

Civil and military authorities along the border today were stirred by a report that the Villa governor of Sonora was reported upon reliable authority to have issued a proclamation to the effect that, since the United States had seen fit to recognize Carranza, Villa authorities were not responsible for the lives of Americans in Sonora.

\$80,000 FIRE AT BELLAIRE

Bellaire, O., October 29.—The factory and yards of the Dubois & McCoy Lumber Company and the McGregor Lumber Co., were destroyed by fire here early today. The loss is estimated at \$80,000. Many houses adjoining the lumber plants were badly damaged. The origin of the fire has not been determined.

ROSS BOY CHAMPION OF STATE

By Associated Press.

Columbus, Ohio, October 29.—Wade McGhee, a farmer youth of Kingston, Ross county, was declared champion pea grower of the state today by the Department of Agriculture.

He will make the trip to Washington and New York next month on the corn boys' excursion, as a reward for growing 4,143 pounds of shelled Alaska peas on one acre.

He was paid \$113 for the peas by a Chillicothe canning factory, which also will pay for his trip to Washington.

The seed cost him \$11.

BUELOW AT LUZERNE.

London, Oct. 29.—A dispatch says that Prince Von Buelow, former imperial chancellor, has arrived at Luzerne. It is believed, the dispatch says, that the prince's visit is an official mission and that he will meet other diplomats.

SOLDIERS ATTACKED

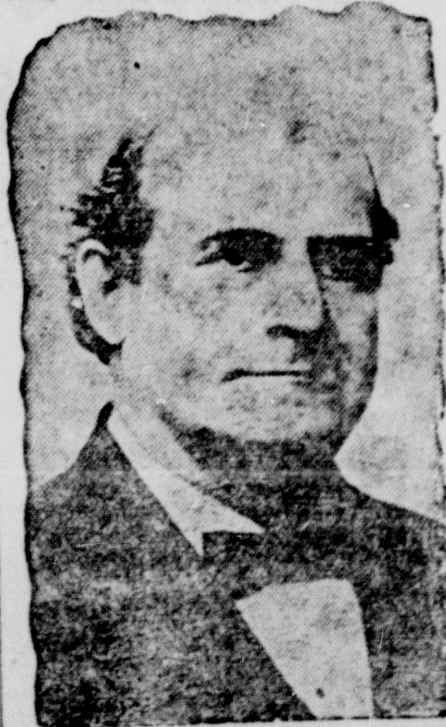

By Associated Press.

Brownsville, Texas, October 29.—Bandits early today made two attacks upon a half company of United States infantry, stationed at Capote, a village about 65 miles up the Rio Grande from here. No casualties were reported on either side.

The attacks occurred shortly after 1:30 this morning. The numbers in the attacking party were not obtainable by the troops.

After the first attack the infantry was reinforced by half a troop of the Third Cavalry from Hidalgo, 3 miles distant.

About three hours before the Capote fight four mounted Mexicans rode at full gallop through Hidalgo. They kept out of reach of the sentries there and got away too fast to be overtaken. These Mexicans came from the road to Capote.

SCHOOL GIRLS MAKE THEIR OWN HATS

Thirty-five pupils of the Domestic Art Department, 8th grade, Miss Montgomery, teacher, made a display of fall millinery, the result of their training under Miss Marie Grove, Domestic Art instructor, Wednesday afternoon.

The display was arranged in the Domestic Science department of the basement and the Domestic Science girls of the High school served afternoon tea.

From 2:15 to 3:15 parents alone were invited; after that time all who desired were welcome.

The display was interesting and creditable to the girls, who received many compliments upon their millinery efforts.

DRY COMMITTEEMEN MEET LAST NIGHT

A large number of the dry committeemen attended the supper and conference held at the Y. M. C. A. Thursday night, and unusual enthusiasm marked the event from beginning to end. Numerous short speeches were made and plans for winding up the campaign in Fayette county were gone over in detail.

As a result of the conference the detail work during the remaining few days, is now well in hand. In many respects the meeting was the most remarkable of the campaign to date.

TRIED TO WRECK PASSENGER TRAIN

Ike Hatfield, of Pike county, doing a term in jail at Chillicothe for stealing a bicycle, is now facing a charge of endeavoring to wreck an N. & W. passenger train.

The youth is charged with aiding two other boys in placing spikes between rails and driving them down, forcing the rails apart. This was done where the train would be hurled down an embankment. The attempt was discovered in time to prevent a catastrophe. The boys are 15 to 18 years of age.

WILL THE COUNTY JAIL BE EMPTY?

Indications are that the county jail will be empty within the next 24 hours, for the first time in many moons, William Stokes being the only man now confined in the county hostile.

For some time before and not since Sheriff Jones took office has the jail been without a prisoner, and sometimes the prison contained a half dozen men.

COMING ATTRACTION

"The Shepherd of the Hills," Harold Bell Wright's novel, which holds the record for being the largest selling American work of fiction, has been made into a play by its author with the assistance of Elsbury W. Reynolds. It will be given its second presentation in this city at the Empire Theater, one night, Tuesday, November 2.

The play is a story of the Ozark mountains and its people are all of that vicinity, which promises stage characters out of the ordinary. The production, which has been made by Messrs. Gaskill and MacVitty, is said to be one of extreme beauty, the picturesque mountain country lending itself to the best in the scenic artist's art.

TO THE PUBLIC

In order that the public be fully advised as to all the facts relative to the proposed lighting contract the Washington Gas and Electric Company begs leave to submit the following statement:

The number of street lights now in use is 130.

The number of street lights under proposed new contract is 685, of which number 212—250 candle power lights are for "White Way" or ornamental lighting.

The City contract, now on moon-light schedule, based on 3000 hours of lighting, costs the city \$7,800.00.

The proposed new contract provides for all night and every night street lighting, based on 4000 hours of lighting, at a cost of \$8,400.00, outside of "White Way."

Under the proposed new contract, out side of the "White Way" it will require 30 per cent more current than under the old contract.

Leaving out the "White Way" you are paying 8 per cent more money and getting 30 per cent more current.

The "White Way" costs \$4,240.00 additional.

Taking in the "White Way" it will require 80 per cent more current than the present lighting system and will cost 62 per cent more money.

The Cost of installing new system under proposed new contract:—

"White Way," Estimated.....	\$9,500.00
Out side districts, extra street lights.....	5,600.00
Machinery and power house equipment	\$6,000.00 to \$8,000.00

The Engineer employed by the city in making comparisons as to rates between Washington and other cities, has cited cities five to ten times larger than Washington.

It is volume of business that enables a company to give cheap service.

The Engineer employed by the city, claims prices under proposed new contract are as low or lower on street lights than prevail in any city in Ohio, irrespective of population.

No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract.

The combination of Gas, Electricity and Hot Water, under one management, economically administered, under the same overhead charges, is the only condition that enables us to accept the rates stipulated in the new contract.

Any one of these departments, Electricity, Gas or Hot Water, would not pay if operated alone at prices proposed for electricity and prices prevailing for gas and hot water. These are facts and can be verified.

The Washington Gas & Electric Company has not at any time encouraged or opposed the "White Way."

The Company is the servant of the public and stands ready to carry out in good faith, any plan of lighting which the people, acting through the proper channels demand.

COUGHED CONTINUALLY

Day and Night—Man Says Nothing Helped But Vinol.

That statement does not surprise us. We have told the people of Washington Court House many times during the last ten years that Vinol is the greatest remedy for chronic coughs and colds that we ever sold. Mr. Dunning says:—

"I took a heavy cold which settled into a chronic cough. It seemed as though I coughed continually day and night, so I could not sleep. I was all run-down and so weak I could hardly keep about. I tried different cough medicines but seemed to get worse instead of better. I went to the drug store and got a bottle of Vinol. Before it was half gone I was better and its continued use cured my cough, built me up and I am feeling fine." Benj. Dunning, 208 Tenth Ave., Scranton, Pa.

Vinol is not a palliative like cough syrups, but it is a constitutional remedy for coughs, colds and bronchitis, which removes the cause and stops the cough, and the recovery of Mr. Dunning was due to the healing medicinal extractives of fresh cods' livers without oil, aided by the strengthening, revitalizing effect of tonic iron and beef peptone which are contained in Vinol. Campaign Weather

The weather man has certainly been good this season to the people who are compelled to be out in the open, day and night, walking, talking and riding to "save the country."

The ideal autumn weather has made of campaign work a real pleasure. Of course, there are a great many men who would campaign in the interest of this or that party, candidate, principle, or proposition no matter what the weather conditions were, but it is so much better to have pleasant weather to make the numberless calls that just must be made and to drive the hundreds and hundreds of miles that just must be driven.

This weather enables every collection of patriotic workers to perfect an absolutely unbeatable organization and that organization will prove equal to every strain made upon it until the election results are known, then somebody's organization is certain to miss fire in some of its cylinders.

If bad weather does not set in on or before the day of election the only thing missing will be a weather alibi for the losers to fall back upon for consolation.

All the short comings of the weather man so much in evidence through the wet cold summer have been forgiven and forgotten in the abundance of beautiful sunshiny days he has sent us in October.

Amendment to Lengthen Terms

The proposal to amend the state constitution so as to provide for a four year term for all elected county officers is one which merits the serious consideration of the voters.

There are few citizens indeed who will not readily admit that we have too many elections and that public servants are required, largely in self defense, to give too much attention to politics during their first term.

Of course, the answer to that objection to the present plan is that officials need not be ambitious for a second term. That answer, however, when considered carefully will scarcely be accepted as satisfactory for the very manifest reason that the good official—the official worth while—becomes interested and enthused with his work. He sees, if he is sincere, many improvements which can, and in his opinion should, be made in the management of the office. He sees needed changes which cannot be brought about during one term and he wants to see his changes for the better established and in practical operation. In that case it is more to the interest of the people that such an official be retained in office than it is to the interest of the individual office holder.

Then too, anyone who has been more than a casual observer, will frankly admit that under the present short term plan, the county official who is fearless and conscientious in the discharge of his duties scarcely gets a firm grip on affairs until his term expires.

With the present constitution in effect in Ohio there need be no fear that the people will be compelled to retain an objectionable official in office for a long term. A worthless official may be dispossessed at any time by a vote of the people regardless of the term for which he was elected.

The objection urged by some that the activity of present office holders in support of the proposal is an exhibition of selfish interest, has some merit but even granting that objection to be sound, it should not be allowed to destroy a movement which cannot result otherwise than in bettering the public service and that after all should be the first aim of the voter.

An extension of the term would undoubtedly better public service and for that reason the proposed amendment merits the support of the voters at the polls next Tuesday.

A Monstrous Act

When the German military authorities executed Miss Edith Cavell the neutral nations of the world shuddered in horror at the utter barbarity of the act.

The nurse convicted by military court of having assisted the enemies of Germany to flee from Belgium, may have been guilty under all the rules of military law. The crime of which she was convicted may have been one punishable by death, according to the military but with those facts normal, sane humanity has little concern.

But the fact that a woman who had consecrated her life to the service of humanity, who was willing to and did endure all the sufferings and deprivations attendant upon a life given to the work nursing the sick and wounded, was taken out, compelled to stand with her back against a wall, and shot dead by a squad of soldiers, has staggered humanity.

But that is war. War has no heart, war has no humane impulses, no remorse, no gratitude and because war has none of the higher human virtues and tender feelings which spring from the Divine, Americans hate war.

Hundreds of thousands—yes millions—of men have perished in this war, thousands have been executed—shot like dogs for giving way to kindly human impulses made a crime by war—but humanity has not been made to realize the blind barbarity of it all until the cruel butchery of Edith Cavell, in Belgium.

Poetry For Today

GOD'S FIRST TEMPLES.

The groves were God's first temples.
Ere man learned
To hew the shaft, and lay the architrave,
And spread the roof above them—
ere he framed
The lofty vault, to gather and roll back
The sound of anthems; in the dark-
ling wood,
Amid the cool and silence, he knelt
down,
And offered to the Mightiest solemn
thanks
And supplication. For his simple
heart
Might not resist the sacred influence
Which, from the stilly twilight of
the place,
And from the gray old trunks that
high in heaven
Mingled their mossy boughs, and
from the sound
Of the invisible breath that swayed
at once
All their green tops, stole over him,
and bowed
His spirit with the thought of bound-
less power
And inaccessible majesty. Ah, why
Should we, in the world's riper years
neglect
God's ancient sanctuaries, and adore
Only among the crowd, and under
roofs
That our frail hands have raised?
Let me, at least,
Here in the shadow of this aged
wood,
Offer one hymn—thrice happy if it
find
Acceptance in His ear.
—William Cullen Bryant.

GRAB YACHTS

London, Oct. 29.—The racing yacht Germania, which on two occasions won Emperor William's cup at Cowes, was condemned in prize court as a prize of war. The Germania, which was captured at Cowes at the outbreak of the war, was the property of Lieutenant Dr. Gustav von Bohlen und Halbach, head of the Krupp works. Three other German yachts captured at Cowes—the Isaca II, Stella Maris and Paula III—also were condemned.

MANY ENLIST IN ENGLAND

London, Oct. 29.—There has been a great increase in recruiting throughout the country during the past week, according to a number of newspapers. The Manchester Guardian says recruiting is now going on at a higher rate than any reached since the early months of the war. King George's proclamation and the execution of Miss Edith Cavell in Belgium both have been the cause of bringing many into the ranks. The increase, it is noted, is despite the fact that Lord Derby's scheme for calling men by sections, drawing first the unmarried and those not engaged in work connected with military production, has not yet been put into operation.

The Guardian publishes messages from various towns, reporting heavy enlistments. Manchester and Birmingham are included among the centers showing the best results.

IGNORE SECTION AGAINST USURY

Washington, Oct. 29.—Comptroller of the Currency Williams, in an official communication to the National banks, called attention to the provision which prohibits a bank from charging an interest rate higher than is permitted by the laws of the state in which the bank is located. The comptroller declared that the sworn statements of conditions of a great many national banks show that the section against usury has been grossly neglected.

TREAT CATARRH BY NATURE'S METHOD

A Butter and Egg Account

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Brown's Drug Store have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve. advt.

BANKERS OF GROUP FOUR HOLD MEETING

About 150 bankers of Group Four of the Ohio Banker's Association, met in Wilmington, Thursday for a business session, banquet and social evening together. Several of the local bankers were included in the party and report a most enjoyable day. They were: Messrs Cline, Johnson, Armstrong, McClure, Ballard, Ireland.

Mr. C. U. Armstrong, of the Washington Savings Bank, was re-elected a member of the executive committee, representing Fayette county, in Group Four, O. B. A.

Chairman M. R. Denver, of Wilmington, presided over the meeting. A number of highly interesting talks on banking methods were given close attention. Hon. Atlee Pomerene, United States Senator, and Governor Frank B. Willis made the chief addresses of the afternoon. Several members of the group made short addresses. Among the visitors present were Mr. W. L. Threlkeld, cashier of the Phoenix & Third National Bank of Lexington, Ky., and R. B. Barrett, assistant sub-treasurer of the United States.

The banquet in the evening was one of the most thoroughly enjoyable banquets ever held by the association. It was held in the Masonic Temple. The group was greatly pleased with the royal manner in which the Wilmington bankers extended hospitality.

THE BANNER CATCH OF BASS SEASON

Mr. Robert Dunn, in company with Mr. O. S. Tobin and Stanley Chaffin, journeyed down Austin way on Thursday afternoon to fish in the clear waters of Paint creek.

During the afternoon's endeavors of these three expert disciples of Isaac Walton, Mr. Dunn bagged, or hooked rather, the biggest catch of the day and incidentally the banner catch of the season—a beautiful game bass tipping the scales at four pounds and six ounces.

Local anglers report that the bass are "biting splendidly" the last week; one member of another party of fisherman folks reports that in five casts made one day about a week ago he landed five bass, the five aggregating in weight strong seven pounds.

MUST OBEY LAW IN CELEBRATING

Chief of Police D. L. Moore has issued a notice to Halloween revelers that the police wish all persons to have all the sport they desire as long as the sport does not take the shape of destruction of property or causing other annoyance, by lifting gates off hinges, removing veranda furniture, or performing kindred acts which are violation of law and the rights of others.

Special policemen will be on hand the remainder of the week to assist in enforcing the law and prevent the mischief which is usually done by unthinking boys and girls.

In Social Circles

Many Washington friends of Miss Helen Pursell, youngest daughter of Mr. and Mrs. Charles Pursell, formerly of this city, now of Boise City, Idaho, will be interested to learn of her marriage on October the twentieth in the following account from "The Idaho Statesman":

The First Methodist church was the scene of an attractive wedding Wednesday afternoon when Gerald H. Harvey, son of Mr. and Mrs. G. H. Harvey, and Miss Helen Pursell, daughter of Mr. and Mrs. C. W. Pursell, were united in marriage by Rev. Willis Martin, at 4 o'clock. The church chancel was decorated with palms and ferns. The bride wore a traveling gown of African brown broadcloth trimmed with velvet and fitch fur. It was made with a Russian blouse. Her hat was of silver lace trimmed with the same fur as the suit and was relieved by a pom-pom of pink feathers. She carried a shower bouquet of bride roses. The bride was attended by Miss Laura Chrisman, who wore a black velvet Russian suit and carried violets. The best man was H. D. Johnson.

Prior to the ceremony Richard Erwin presided at the organ and gave a delightful musical program which closed with the wedding march as the bridal party appeared.

A wedding dinner was served at the home of the bride's parents to the wedding party and relatives of the bride and bridegroom. Mr. and Mrs. Harvey left that evening for the west for a honeymoon trip to the coast. They will be at home after November 10, at 1301 Hays street.

Mrs. Fred Hamm entertained with a most enjoyable noon luncheon on Thursday.

Covers were laid for ten, and red and white chrysanthemums used in decoration.

The guests included the following: Mesdames Joe Murphy, Beath, J. N. Wilson, W. M. Mitchener, J. W. Townsley and Misses Edith and Gertrude Gardner and Lella and Bertha Townsley.

After the luncheon the guests engaged in an "Old Sayings" contest. Miss Edith Gardner receiving the prize, a hand painted plate.

Mrs. Henry Sparks delightfully entertained the Thursday Kensington club yesterday afternoon.

A feature of the afternoon's pleasure was an interesting talk made by Miss Josephine Gossard upon her western trip, illustrated by photographs taken enroute.

Immense white chrysanthemums were effective in decoration and an elaborate luncheon served. Mrs. C. E. Lloyd and Miss Sallie Dial assisted in the hospitalities.

Misses Gossard and Hendrickson were the only outside guests.

Miss Sutton and Miss Mary Hern entertained thirty young women at a jolly Halloween party Thursday night.

There were beautiful Halloween decorations, fortune telling and all the special amusements of this witches' festival.

Mrs. James Flynn assisted in serving a Halloween lunch.

Mr. Elmer Hutchison and Miss Olie McCune were quietly married in Frankfort Thursday afternoon at three o'clock.

Rev. Long officiated. The bride is the attractive daughter of Mr. and Mrs. Dave McCune, east of town. Her wedding gown of pale blue tulle, with white lace trimmings, and picture hat of black velvet, blue satin and plumes was most becoming. The bridegroom is the son of Mr. and Mrs. John Hutchison and one of

the progressive young farmers of the county.

They will go to housekeeping on a farm near Good Hope the first of March.

Members of the Junior set were indebted to Miss Juanita Haines for one of the most picturesque and delightful Halloween parties of the week, Thursday night at her home on the Creek road.

It was a masquerade, with a dozen couples wearing all manner of clever Halloween costumes, and the pretty young hostess disguised as the very spirit of Halloween.

Ghosts met the guests at the gate and wended their way through lanes of pumpkin lanterns to the house, in ghoulish darkness, with only the uncanny light of the pumpkins. At the door each guest was given an end of a string which led them through the house in a spooky walk.

"TANLAC" NEW MEDICINE TO BE SOLD HERE

Preparation is Now Creating Sensation in Cincinnati.

Cincinnati, October 28.—Tanlac, the new medicine that is accomplishing such remarkable results in Cin-

cinnati, will be sold in Washington exclusively by Blackmer & Tanquary. This announcement has just been made by L. T. Cooper, the "Tanlac Man," and will, no doubt, prove pleasing to the people of Washington C. H.

Tanlac is called the "Master Medicine" and is made mainly from the roots, barks, herbs and flowers gathered from many of the remotest parts of the earth. The medicine obtains its high efficiency by the personal direction of Joseph Trimbach, a native German chemist of note.

It is claimed that Tanlac quickly overcomes stomach, kidney and intestinal ailments, as well as catarrhal affections, and will actually prolong life by restoring and keeping up the vigor of youth.

In a number of the great American cities thousands have been converted to the "Tanlac Man's" views and have been benefitted by Tanlac. Hundreds in Cincinnati are now taking the premier preparation and daily testifying to its merits.

The agency for Tanlac is awarded to only one drug store in each city or town. Blackmer & Tanquary are therefore fortunate to be awarded the same advantages of the "Master Medicine" as the larger cities. advt.

MEAT PACKERS BEHIND NOTES

Wilson Takes Up the Cases
Of the Meat Packers.

CONFERS WITH LANSING

Will Dispatch Two Communications
to London, One Protesting Against
Action of British Prize Court and
the Second Calling For Release of
Cargoes Held in English Ports—Important
Points Involved.

Washington, Oct. 29.—In responsible quarters the statement is made that President Wilson will shortly dispatch two notes to London calling upon Great Britain to withdraw from the position it has assumed in the controversy over the case of the Chicago packers.

This report followed a conference between the president and Secretary of State Lansing.

The first one of these notes will protest against the action of the British prize court in condemning the cargoes of four vessels on the presumption that they were intended for use in Germany. The second note will call for the release of the twenty-

nine vessels which have been seized but which have not been thrown into the prize court.

At the conference with the president, Secretary Lansing submitted to him a brief resume of the situation in the packers' cases. This resume was based on reports made to the state department during the past few days by Alfred R. Ulrich, general counsel for Armour & Co., who has just returned from London, where he represented the packers in the controversy, and also on reports from American officials in London and Copenhagen.

According to the administration's viewpoint the facts in the packers' cases are not in question or in dispute. The chief question is whether or not Great Britain can prevent the packers, as well as all other American exporting interests, from carrying on their trade with neutral European countries. It is the packers' contention, and also the contention of the administration, that Great Britain in the prize court decision displayed an inclination to set aside all international law in favor of its policy to starve out both the civil and military population of Germany. In order to make the starving policy effective, the packers contend, and the administration agrees with them, that Great Britain is determined to prevent neutrals from trading with each other in articles of conditional contraband, on the presumption that such articles might reach the enemy country in some manner.

BULGARS MOVING ON TOWARD NISH

London, Oct. 29.—The Bulgarian central army of invasion smashed Serbian resistance after a week's violent fighting and has captured Zetchar and Kinsaszevac, the two points that have been the main obstacles in their march to Nish. The Bulgars are now expected to advance southwestward upon Nish to gain the control of the Oriental railroad.

Further south, due east of Nish, the Bulgarians took the height of Krenovavlava, about fifteen miles northwest of the strongly fortified city of Piorot. Salonica reports that Piorot, too, is in Bulgarian hands, but this is not confirmed in the official German state-

ment telling of the Bulgarian gain.

The Teuton invaders also claim Kudavice, although the headway is not specified. Since Oct. 23 they have taken 2,043 prisoners. Kragujevac, the chief Serbian arsenal, is closely menaced by the central Teuton army sweeping southward on both sides of the Morava.

There are reports that the Serbians have recaptured Uskup, which is not improbable if, as Salonica dispatches report, the French now hold the line of Krivolak, Radovisla and Strumitza for, with an army there and the Serbians at Veles, Uskup would form a dangerous salient.

The French, according to German dispatches, have already landed 150,

000 men, with 100 guns, at Salonica. Turkish artillery has entered the fray in southeast Serbia in the neighborhood of Strumitza, and, according to Berlin, in co-operation with the Bulgarian mountain battery, has "done great execution" against the Anglo-French troops.

From Budapest comes the report that Greece has served notice on Great Britain that unless the allied force at Salonica is immediately removed Greece will disarm or intern them with her own force.

The first hint as to how the Bulgar-Teuton junction on the bend of the Danube is to be exploited comes in a dispatch from Budapest, which says the Germans are preparing to use the Danube for the transportation of large quantities of coal and ammunition to Turkey, and to convey overland parts of submarines and electric equipment.

In the western theater the Belgian front was the zone of marked activities, the Germans directing a heavy fire against Het-Sae and Steenstrate and to the positions north of Arras, France, in an effort to break through the allies' line, but without avail.

Except around Riga and Dvinsk, where the Germans are renewing their efforts to reach the Dvina river and near Czartorysk, on the Styr, there has been no heavy fighting in the Russian arena.

CALL FUNDS FOR EUROPE

New York, Oct. 29.—The first call for funds available from the Anglo-French \$500,000,000 credit loan was made by Basil B. Blackett, secretary of the Anglo-French commission, and Octave Homberg, one of the French members, who remained in this country to adjust matters in connection with the loan. The call requests banks throughout the country where the funds have been deposited to remit by Nov. 15 15 per cent of the proceeds to the National City bank here, the institution designated as the depository of the proceeds as called for. It is expected that the call will place at the disposal of the British and French government between \$60,000,000 and \$70,000,000—15 per cent of the amount paid in—by Nov. 15.

Will Be Spent in the United States. London, Oct. 29.—Replying to a question in the house of commons, Chancellor of the Exchequer Reginald McKenna stated that the British government has definitely agreed that all the money raised by the allies' 5 per cent loan will be spent exclusively in the United States.

SERBIA DOOMED

London, Oct. 29.—The efforts of the opposition to use the situation in Serbia as an argument against the British government are being continued with great violence. They have served at least one purpose, namely, that of awakening the British to the peril that is facing the allies in the Balkans. Appeals for quick and energetic help are forthcoming from all sides. There is little hope here of stopping the Germans and the Bulgars on the northern front. The Teuton army advancing south of Orzova in the Danube loop is reported within twenty miles of Kragujevac, the Serbians' chief arsenal, and eighty miles from Nish. The impotence of the British to save Serbia from her terrible ordeal is clearly evident, according to the adversaries of the cabinet.

SEEKS FUNDS FOR INVALID SOLDIERS

New York, Oct. 29.—Mrs. Malcolm Carter, a native of Belmont, a British subject, arrived here to collect funds for invalid soldiers and to tell the story of her experience in and escape from Brussels, whither she had gone to see her father, who was held as a hostage by the Germans.

The Guiding Star in Stove Buying

Wise men, and wise women, for nearly three-quarters of a century, have looked to this sign to guide them in the selection of their stoves. Unheeding the frantic appeals of the imitators, untempted by the bait of low prices, they have followed steadfastly the sign which leads straight to stove satisfaction.

Follow the star in this city, and you'll walk straight into our store. You'll find here the full line of

Estate Stoves and Ranges

—a dozen distinct patterns, each embodying more in the way of improvements, conveniences, good looks and good-wearing qualities than was ever offered you in a stove; every one sold under an iron-clad guarantee, made by us and backed up by the factory in the strongest terms possible.

Make up your mind to "Own an Estate" this season, and you'll have settled the stove problem for all time. Look for the trade-mark in the store or on the stove, to make sure you get the genuine.

FRENCH STIRRED DEEPLY

SUCCEEDS VIVIANI AS FRENCH PREMIER

Aristide Briand Selecting a New Cabinet.

Paris, Oct. 29.—M. Viviani's resignation as premier was the second to be caused in the French cabinet because of the Balkan situation, the first being that of Theophile Delcasse, the foreign minister. Aristide Briand, former premier, was asked by President Poincare to form a new ministry and has accepted the responsibility. Briand is a Socialist, although not one of the anti-military type. M. Viviani's resignation was followed by the collapse of the entire cabinet.

Leon Bourgeois, De Freycinet, M. Combes, M. Meline and Denys Cochin will be members of the new ministry.

Jules Cambon, who was ambassador at Berlin immediately preceding the outbreak of the war, and who previously had been ambassador at Washington, will be minister of foreign affairs.

Consternation was caused in French political circles by the resignation of the premier. It was outward evidence of dissension in the French government over affairs in the near east, similar to that which has been prevailing in the British cabinet. For the past fortnight it has been evident that all has not been well in the ministry. The first break was the resignation of the foreign minister. However, when the chamber of deputies gave the cabinet a vote of confidence, it was hoped that the factions in the ministry could get together and patch up their differences. These hopes proved futile. The opposition is criticizing the government for allowing the Teutonic powers to gain such ascendancy in the near east and to launch military operations on a grand scale when they might have been prevented.

CONVICT BRICK CANNOT SELL

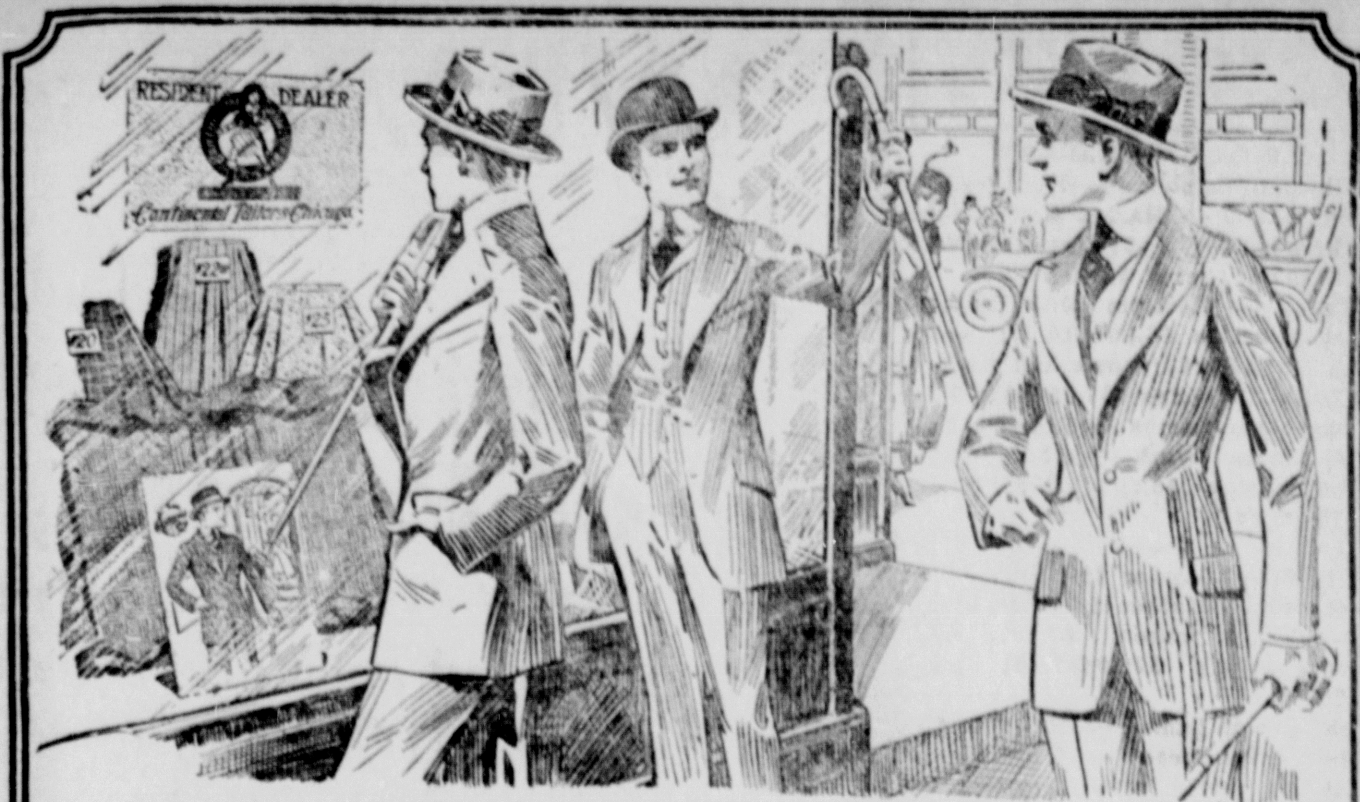

Columbus, Oct. 29.—More than seventy-five convicts may have to be returned to the penitentiary idle house from Junction City, Perry county, where they are employed in making brick at a plant leased by the state, unless a sale for their product can be found with the state or cities. Almost 1,500,000 paving brick have been made by the convicts for which no market is in sight, since the attorney general ruled that the brick can not be sold to road contractors because of constitutional prohibition. The paving brick were manufacturer with a view to selling them to contractors through the state highway department, and 90,000 had been delivered to contractors. The attorney general's ruling, however, does not prohibit sale to the highway department. If the highway department is doing the work itself and not through contractors.

Giles Gregory, inmate of the poor house at South Norwalk, Conn., for many years, learned that Henry Green, an eccentric uncle who died several years ago, left him \$150,000.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

BUSINESS REVIVAL RAMPANT

New York, Oct. 29.—So great has been the sudden and general revival in the iron and steel trade of the United States, it was said by authorities, that, with virtually every blast furnace and steel mill in the country working night and day to capacity, the demand for iron and steel products can not be satisfied, and it is almost impossible to buy, for immediate delivery, pig iron, scrap or ingots in sizeable quantities at any industrial plant in the country. The revival, which began about July 1 last, has been coming on rapidly, with a deluge of orders since the middle of August, and may not yet have reached its high mark.

Orders for 175,000 tons of steel rails for its lines east and west of Pittsburgh have just been placed by the Pennsylvania Railroad company.

MAN VISITS CITY ABSENT 20 YEARS

John Bainter, who about twenty years ago left this city for Detroit, Michigan, where he has ever since lived and prospered, returned to this city last evening.

Since leaving here a score of years ago, Bainter has never returned and has never received a letter from either relatives or friends during all those years.

Bainter says that when he left here twenty years ago, he had no intention of locating permanently in the city on the straits, but finding opportunities to his liking he located there permanently.

Needless to say he was anxiously inquiring of fellow passengers as to changes in the old home town and about his brothers and sisters who still live here. Strangers on the train which brought Bainter home made inquiries and soon found some passengers from Washington with whom Bainter engaged in conversation and from who he obtained information as to the whereabouts of his brothers and sisters.

MONSTER CROWD GREET'S BRYAN

The Great Commoner, Enthusiastic in the Work of the Campaign, Was at His Best, Showing No Ill Effects of the Four Days Out-of-door Campaigning in Ohio, Save That His Face Was Slightly Tanned By the Sun and Wind.

EXPRESSED PLEASURE AT RECEPTION ACCORDED HIM BY FAYETTE COUNTIANS

Hard Raps Against the Liquor Traffic Are Handed Out Straight From the Shoulder By Speaker, Who Closed With an Eloquent and Stirring Appeal to American Patriotism and Manhood.

Beautiful weather conditions, a clear sky, bright, warm sunshine and a tremendous crowd greeted Mr. Bryan on his arrival in this city Friday morning at 10:35 o'clock.

A number of prominent citizens met the Bryan special train at the union depot and escorted the party directly to the court house square.

Accompanying Mr. Bryan on the special which arrived from Xenia over the C. H. & D. railroad a few minutes in advance of schedule time were Mrs. Bryan, Dr. Hindman, who has charge of the party, Mr. McKee of the Cleveland Plain Dealer, C. C. Lyon, of the Scripps McRea Newspaper League, Frank Ward, of The Cleveland Leader-News and a number of other newspaper correspondents and reporters.

Mr. Bryan showed the effects of his week of campaigning in Ohio for state wide prohibition only in the tanned skin. His voice was clear and almost entirely free from any evidence of the strain of so much out door speaking.

Court street and Main street for nearly two blocks were almost made impassable by the number of vehicles which were parked along the curbs on both sides of the street.

Conservative estimates place the number who were able to obtain positions on the court house lawn within range of Mr. Bryan's voice, at three thousand. The crowd was made up of the best citizens of the city and county. Men and women came from all sections of the country and were early at the meeting place striving to secure or to hold points of vantage.

Prior to the arrival of Mr. Bryan, Hon. Chas. A. Reid and Dr. R. M. Hughey addressed the crowd, both of them delivering powerful and convincing arguments in favor of state wide prohibition.

The crowds of people and the congestion of vehicles made it impossible for Mr. Bryan to be conducted to the steps at the south front of the court house from Court street as originally planned and the speaker and his party left the automobile at the west front, coming through the corridor to the south front steps.

Every available foot of space on the south court house lawn even as far out as the curb on Court street was literally packed with men and women. About nine-tenths of the crowd was made up of voters.

Arriving at the appointed place for speaking Mr. Bryan was welcomed by the chairman, Mr. W. B. Rogers, who without any waste of time and in order that Mr. Bryan would be able to utilize every minute available in addressing the audience, at once with a few brief remarks, introduced the speaker as "William Jennings Bryan, not of Nebraska, but of the United States of America."

The Commoner began at once on his subject, taking up first the discussion of the so-called stability amendment proposal which he characterized as a vicious attack upon the underlying principles of the

victims are taken. It could be cleaned as a corpse for burial. It had sinned away its day of grace and the remedy now is not in trying to purify a thing constitutionally impure, but to put it out of existence.

Mr. Bryan also reiterated the statement that the democratic party of Ohio owed nothing to the liquor interests, citing as illustration that Hamilton county last year which gave 75,000 against state prohibition also gave a majority against the democratic candidate for governor last year.

In answering the argument that prohibition will throw people out of employment he quoted a German professor as saying that the only people who would be thrown out of employment would be the wash women who now have to support the family while the husband loaf around the saloon.

The speaker was interrupted frequently by outbursts of applause from the audience.

The crowds who heard Mr. Bryan today are probably the largest ever gathered together at a public meeting in this city for over twenty years.

Although Mr. Bryan's arrival was greeted with generous applause the wild enthusiasm of political meetings was not in evidence. The hearers were more serious in this matter and more intent on the discussion than is usual in the partisan gatherings.

The newspapermen who accompanied Mr. Bryan were enthusiastic, stating that everywhere enormous crowds were coming out to hear Mr. Bryan and his arguments were producing a very manifest result in the increase of the followers of state wide prohibition.

Mr. Bryan, here as elsewhere, made his appeal to men irrespective of party pledging the republicans that if they would drive the liquor interests out of their party he would use every effort at his command to drive it out of the democrat party.

While Mr. Bryan arrived a little in advance of the schedule time he spoke longer here than that allotted in the schedule.

He was very much pleased at both the size and the personnel of his audience and more than once remarked that it was one of the best meetings he had addressed.

Th party left for Wilmington promptly at 11:15, several local men accompanying the party as far as Wilmington.

Mr. Walter Hamilton and Mr. E. E. Kelley leaving with the train to make the entire day's trip which is to be concluded with a night meeting at Dayton.

LITTLE PAY DIRT FOUND

Report of Examiner Jones Finds About \$1500 Really Due the County—An Equal Sum Not Held for Recovery—Compliments Officials

Copies of the report of T. W. Jones state examiner, who recently conducted an examination of the county offices, have been received from the Bureau of Inspection and Supervision of Public Offices. It is an exhaustive document covering 84 typewritten pages and deals very carefully with affairs for the period from January 1914 to June, 1915.

In his letter to Hon. A. V. Donahy, chief inspector and supervisor, Mr. Jones said:

"We are pleased to state that the affairs of this county are in a healthy financial condition, not a fund overdrawn at the inception of this inspection, and with but \$17,500 of a bonded indebtedness.

"Your examiners found all of the offices conducted in a careful manner and found a willing acquiescence in the recommendations of the bureau. There were a few honest mistakes and a few illegal allowances of fees which are yet the subject of controversy and adjustment."

The report finds against various officials past and present for illegal allowances; for interest charges and errors, the total of which is \$1,572.31. A portion of this sum has since been refunded. In a number of instances no notice of the intentions of those charged has been received, while others have signified their intention to resist. Included in this finding is the sum of \$10 each against four county school officials for attending the county institute. One of these officials returned the money.

In the report is also a finding for the county of \$1,497.66 in illegal allowances for Pasteur treatment, sheep claims, Boxwell commencement, ex-sheriff fees and for services of the county Board of Education.

This latter sum is not held for recovery.

\$60,000 OHIO BUILDING WORTH FEW HUNDREDS

Columbus, October 29. — Ohio's \$60,000 building at the Panama-Pacific exposition probably can not be sold for more than a few hundred dollars after the exposition ends next month, Sherman A. Cuneo of Upper Sandusky, secretary of the Ohio commission for the exposition, reported today to Governor Willis on his return from a brief business trip.

The building probably will be sold to house wreckers who will tear it down and sell the material. Prices offered by these wrecking contractors are abnormally low because of the great number of buildings to be razed and the comparatively small demand along the California coast for the materials, Mr. Cuneo explained. The Illinois building, which cost nearly three times as much as Ohio's building, was sold to wreckers for only \$1,000.

JAPS ASK DELAY

Peking, China, October 29. — The Russian and British ministers and the Japanese charge called on the Chinese foreign minister yesterday concerning the results of China's change to a monarchical form of government.

The Japanese diplomat made a friendly suggestion, on behalf of China, that the change be delayed for some time.

PACT IS SIGNED

London, October 29. — Japan has become a party to the agreement not to conclude a separate peace. Announcement was made today that a note was addressed to the Japanese government on October 19 inviting it to give adherence to the declaration of Great Britain, France and Russia, signed on September 5 of last year, that none of these nations should conclude a separate peace.

Italy also is a party to this agreement.

ALLIES NOTE IMPROVEMENT

Situation in Serbia Said to Look Better to Entente—French and Serbians on Offensive—Berlin Claims More Successes—English Casualties Since Opening of the War Half a Million

By Associated Press.

London, October 29.—While Austro-German forces from the north and Bulgarian armies from the east are steadily pressing in upon the Serbians, the situation in south Serbia is reported improved from the viewpoint of the entente allies.

The French operations in the southern sector of the Serbian front have been carried on so successfully that the fall of Strumitsa in Bulgaria is imminent, Athens hears. Heights dominating the town have been occupied by the French. French and Serbians are now on the offensive northward along the railroad to Nish and are marching on Istip, it is reported.

London, October 29. — The Serbians have been driven over the border eastward from Visegrad, in Bosnia, and other advances have been scored by the Teutonic and Bulgarian forces engaged in the Serbian invasion, Berlin announces today.

The Bulgarians are pursuing the retreating Serbians along the eastern front, the statement declares.

The German War Office reports conditions unchanged in the east, further progress of attacks on Dvinsk and Riga being recorded.

London, October 29.—British casualties from the beginning of the war to October 9 were 493,394. The casualties as given officially up to August 21 were 381,983.

This shows a total between that time and October 9 of 111,311, or a daily average of 2,271. Losses between June 9 and August 21 averaged about 1500 daily.

The marked increase over the summer losses may be accounted for by heavy fighting on the western front.

A written statement sent by Premier Asquith to the House of Commons gives total casualties in all operations as follows:

Killed—Officers, 6,660; other rank 94,992. Wounded—Officers, 12,633; other ranks 394,832. Missing—Officers, 2,000; other ranks, 72,177. Total—Officers, 21,293; other ranks 472,001.

Paris, October 29.—President Poincare today received the formal collective resignation of the entire Viviani ministry, giving official form to the decision of the cabinet yesterday to retire. The president requested Aristide Briand to form a new cabinet.

M. Viviani's letter of resignation calls attention to the fact that 150 members of the Chamber of Deputies declined to vote on his recent request for a vote of confidence and declares his resignation would permit the appointment of a premier who could consolidate all elements and secure a unification.

REDFIELD'S WORDS ARE IRRITATING

Washington, Oct. 25.—The possibility of Secretary of Commerce Redfield resigning from the cabinet was widely discussed here as the result, it is stated, of the irritation felt in high circles at statements which have been made by Mr. Redfield as to measure which might be adopted to prevent the dumping of European goods at low prices in the American markets at the end of the war.

Following a conference with the president, Secretary Redfield announced that he would recommend to congress the enactment of a law making the dumping of foreign made goods at below the market price punishable as a violation of the anti-trust laws. Mr. Redfield, in a statement attributed to him, outlined the legislation which he had in mind. The president's close friends gave evidence of surprise when they read Mr. Redfield's statement. Steps were immediately taken to ascertain if the president had authorized any such utterance and an emphatic denial was made that the secretary of commerce had spoken any opinions but his own.

BIG BATTLE IS EXPECTED

By Associated Press.

Douglas, Arizona, October 29.—Reinforced by artillery which arrived this morning, the Carranza garrison at Agua Prieta, across the border from here, awaited at noon today an attack by a greatly superior force of followers of General Villa.

The battle, which it is believed may decide the future importance of Villa as a factor in the Mexican situation, was expected hourly.

The Carranza forces number about 3,700 men, with 20 3-inch field guns and 50 machine guns.

A Villa force of from 6,000 to 12,000 men with 28 field guns, was advancing on the town.

Meanwhile, on this side of the border 5,000 American troops, with 16 field guns, were prepared to prevent the combatants from doing damage to American life and property.

Five thousand Carranza troops are coming by rail through the United States to aid the garrison, and 14,000 Carranza men are reported to have started overland from Torreon.

Civil and military authorities along the border today were stirred by a report that the Villa governor of Sonora was reported upon reliable authority to have issued a proclamation to the effect that, since the United States had seen fit to recognize Carranza, Villa authorities were not responsible for the lives of Americans in Sonora.

\$80,000 FIRE AT BELLAIRE

Bellaire, O., October 29. — The factory and yards of the Dubois & McCoy Lumber Company and the McGregor Lumber Co., were destroyed by fire here early today. The loss is estimated at \$80,000. Many houses adjoining the lumber plants were badly damaged. The origin of the fire has not been determined.

ROSS BOY CHAMPION OF STATE

By Associated Press.

Columbus, Ohio, October 29.—Wade McGhee, a farmer youth of Kingston, Ross county, was declared champion pea grower of the state today by the Department of Agriculture.

He will make the trip to Washington and New York next month on the corn boys' excursion, as a reward for growing 4,143 pounds of shelled Alaska peas on one acre.

He was paid \$113 for the peas by a Chillicothe canning factory, which also will pay for his trip to Washington.

The seed cost him \$11.

BUELOW AT LUZERNE

London, Oct. 29.—A dispatch says that Prince Von Buelow, former imperial chancellor, has arrived at Luzerne. It is believed, the dispatch says, that the prince's visit is an official mission and that he will meet other diplomats.

SOLDIERS ATTACKED

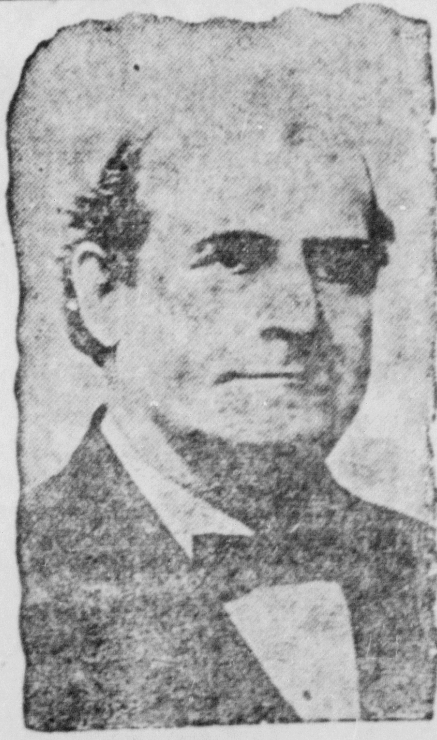

By Associated Press.

Brownsville, Texas, October 29.—Bandits early today made two attacks upon a half company of United States infantry, stationed at Capote, a village about 65 miles up the Rio Grande from here. No casualties were reported on either side.

The attacks occurred shortly after 1:30 this morning. The numbers in the attacking party were not obtainable by the troops.

After the first attack the infantry was reinforced by half a troop of the Third Cavalry from Hidalgo, 3 miles distant.

About three hours before the Capote fight four mounted Mexicans rode at full gallop through Hidalgo. They kept out of reach of the sentries there and got away too fast to be overtaken. These Mexicans came from the road to Capote.

SCHOOL GIRLS MAKE THEIR OWN HATS

Thirty-five pupils of the Domestic Art Department, 8th grade, Miss Montgomery, teacher, made a display of fall millinery, the result of their training under Miss Marie Grove, Domestic Art instructor, Wednesday afternoon.

The display was arranged in the Domestic Science department of the basement and the Domestic Science girls of the High school served afternoon tea.

From 2:15 to 3:15 parents alone were invited; after that time all who desired were welcome.

The display was interesting and creditable to the girls, who received many compliments upon their millinery efforts.

DRY COMMITTEEMEN MEET LAST NIGHT

A large number of the dry committeemen attended the supper and conference held at the Y. M. C. A. Thursday night, and unusual enthusiasm marked the event from beginning to end. Numerous short speeches were made and plans for winding up the campaign in Fayette county were gone over in detail.

As a result of the conference the detail work during the remaining few days, is now well in hand. In many respects the meeting was the most remarkable of the campaign to date.

TRIED TO WRECK PASSENGER TRAIN

Ike Hatfield, of Pike county, doing a term in jail at Chillicothe for stealing a bicycle, is now facing a charge of endeavoring to wreck an N. & W. passenger train.

The youth is charged with aiding two other boys in placing spikes between rails and driving them down, forcing the rails apart. This was done where the train would be hurled down an embankment. The attempt was discovered in time to prevent a catastrophe. The boys are 13 to 18 years of age.

WILL THE COUNTY JAIL BE EMPTY?

Indications are that the county jail will be empty within the next 24 hours, for the first time in many moons, William Stokes being the only man now confined in the county bastille.

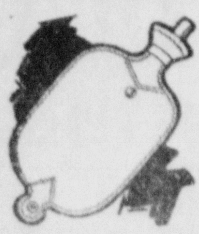

For some time before and not since Sheriff Jones took office has the jail been without a prisoner, and sometimes the prison contained a half dozen men.

COMING ATTRACTION

"The Shepherd of the Hills," Harold Bell Wright's novel, which holds the record for being the largest selling American work of fiction, has been made into a play by its author with the assistance of Elsbery W. Reynolds. It will be given its second presentation in this city at the Empire Theater, one night, Tuesday, November 2.

The play is a story of the Ozark mountains and its people are all of that vicinity, which promises stage characters out of the ordinary. The production, which has been made by Messrs. Gaskill and MacVitty, is said to be one of extreme beauty, the picturesque mountain country lending itself to the best in the scenic artist's art.

TO THE PUBLIC

In order that the public be fully advised as to all the facts relative to the proposed lighting contract the Washington Gas and Electric Company begs leave to submit the following statement:

The number of street lights now in use is 130.

The number of street lights under proposed new contract is 685, of which number 212—250 candle power lights are for "White Way" or ornamental lighting.

The City contract, now on moon-light schedule, based on 3000 hours of lighting, costs the city \$7,800.00.

The proposed new contract provides for all night and every night street lighting, based on 4000 hours of lighting, at a cost of \$8,400.00, outside of "White Way."

Under the proposed new contract, out side of the "White Way" it will require 30 per cent more current than under the old contract.

Leaving out the "White Way" you are paying 8 per cent more money and getting 30 per cent more current.

The "White Way" costs \$4,240.00 additional.

Taking in the "White Way" it will require 80 per cent more current than the present lighting system and will cost 62 per cent more money.

The Cost of installing new system under proposed new contract:—

"White Way," Estimated.....	\$9,500.00
Out side districts, extra street lights.....	5,600.00
Machinery and power house equipment	\$6,000.00 to \$8,000.00

The Engineer employed by the city in making comparisons as to rates between Washington and other cities, has cited cities five to ten times larger than Washington.

It is volume of business that enables a company to give cheap service.

The Engineer employed by the city, claims prices under proposed new contract are as low or lower on street lights than prevail in any city in Ohio, irrespective of population.

No city in Ohio, of the same population as Washington C. H., served under like conditions, gets as low prices for electricity as would Washington under the proposed new contract.

The combination of Gas, Electricity and Hot Water, under one management, economically administered, under the same overhead charges, is the only condition that enables us to accept the rates stipulated in the new contract.

Any one of these departments, Electricity, Gas or Hot Water, would not pay if operated alone at prices proposed for electricity and prices prevailing for gas and hot water. These are facts and can be verified.

The Washington Gas & Electric Company has not at any time encouraged or opposed the "White Way."

The Company is the servant of the public and stands ready to carry out in good faith, any plan of lighting which the people, acting through the proper channels demand.

COUGHED CONTINUALLY

Day and Night—Man Says Nothing Helped But Vinol.

That statement does not surprise us. We have told the people of Washington Court House many times during the last ten years that Vinol is the greatest remedy for chronic coughs and colds that we ever sold. Mr. Dunning says:—

"I took a heavy cold which settled into a chronic cough. It seemed as though I coughed continually day and night, so I could not sleep. I was all run-down and so weak I could hardly keep about. I tried different cough medicines but seemed to get worse instead of better. I went to the drug store and got a bottle of Vinol. Before it was half gone I was better and its continued use cured my cough, built me up and I am feeling fine." Benj. Dunning, 208 Tenth Ave., Scranton, Pa.

Vinol is not a palliative like cough syrups, but it is a constitutional remedy for coughs, colds and bronchitis, which removes the cause and stops the cough, and the recovery of Mr. Dunning was due to the healing medicinal extractives of fresh cods' livers without oil, aided by the strengthening, revitalizing effect of tonic iron and beef peptone which are contained in Vinol. Campaign Weather
The weather man has certainly been good this season to the people who are compelled to be out in the open, day and night, walking, talking and riding to "save the country."
The ideal autumn weather has made of campaign work a real pleasure. Of course, there are a great many men who would campaign in the interest of this or that party, candidate, principle, or proposition no matter what the weather conditions were, but it is so much better to have pleasant weather to make the numberless calls that just must be made and to drive the hundreds and hundreds of miles that just must be driven.
This weather enables every collection of patriotic workers to perfect an absolutely unbeatable organization and that organization will prove equal to every strain made upon it until the election results are known, then somebody's organization is certain to miss fire in some of its cylinders.
If bad weather does not set in on or before the day of election the only thing missing will be a weather alibi for the losers to fall back upon for consolation.
All the short comings of the weather man so much in evidence through the wet cold summer have been forgiven and forgotten in the abundance of beautiful sunny days he has sent us in October.

Amendment to Lengthen Terms
The proposal to amend the state constitution so as to provide for a four year term for all elected county officers is one which merits the serious consideration of the voters.
There are few citizens indeed who will not readily admit that we have too many elections and that public servants are required, largely in self defense, to give too much attention to politics during their first term.
Of course, the answer to that objection to the present plan is that officials need not be ambitious for a second term. That answer, however, when considered carefully will scarcely be accepted as satisfactory for the very manifest reason that the good official—the official worth while—becomes interested and enthused with his work. He sees, if he is sincere, many improvements which can, and in his opinion should, be made in the management of the office. He sees needed changes which cannot be brought about during one term and he wants to see his changes for the better established and in practical operation. In that case it is more to the interest of the people that such an official be retained in office than it is to the interest of the individual office holder.
Then too, anyone who has been more than a casual observer, will frankly admit that under the present short term plan, the county official who is fearless and conscientious in the discharge of his duties scarcely gets a firm grip on affairs until his term expires.
With the present constitution in effect in Ohio there need be no fear that the people will be compelled to retain an objectionable official in office for a long term. A worthless official may be dispossessed at any time by a vote of the people regardless of the term for which he was elected.
The objection urged by some that the activity of present office holders in support of the proposal is an exhibition of selfish interest, has some merit but even granting that objection to be sound, it should not be allowed to destroy a movement which cannot result otherwise than in bettering the public service and that after all should be the first aim of the voter.
An extension of the term would undoubtedly better public service and for that reason the proposed amendment merits the support of the voters at the polls next Tuesday.

A Monstrous Act
When the German military authorities executed Miss Edith Cavell the neutral nations of the world shuddered in horror at the utter barbarity of the act.
The nurse convicted by military court of having assisted the enemies of Germany to flee from Belgium, may have been guilty under all the rules of military law. The crime of which she was convicted may have been one punishable by death, according to the military but with those facts normal, sane humanity has little concern.
But the fact that a woman who had consecrated her life to the service of humanity, who was willing to and did endure all the sufferings and deprivations attendant upon a life given to the work nursing the sick and wounded, was taken out, compelled to stand with her back against a wall, and shot dead by a squad of soldiers, has staggered humanity.
But that is war. War has no heart, war has no humane impulses, no remorse, no gratitude and because war has none of the higher human virtues and tender feelings which spring from the Divine, Americans hate war.
Hundreds of thousands—yes millions—of men have perished in this war, thousands have been executed—shot like dogs for giving way to kindly human impulses made a crime by war—but humanity has not been made to realize the blind barbarity of it all until the cruel butchery of Edith Cavell, in Belgium.

Poetry For Today
GOD'S FIRST TEMPLES.
The groves were God's first temples.
Ere man learned
To hew the shaft, and lay the architrave,
And spread the roof above them—
ere he framed
The lofty vault, to gather and roll back
The sound of anthems; in the darkling wood,
Amid the cool and silence, he knelt down,
And offered to the Mightiest solemn thanks
And supplication. For his simple heart
Might not resist the sacred influence
Which, from the stilly twilight of the place,
And from the gray old trunks that high in heaven
Mingled their mossy boughs, and from the sound
Of the invisible breath that swayed at once
All their green tops, stole over him, and bowed
His spirit with the thought of boundless power
And inaccessible majesty. Ah, why
Should we, in the world's riper years neglect
God's ancient sanctuaries, and adore
Only among the crowd, and under roofs
That our frail hands have raised?
Let me, at least,
Here in the shadow of this aged wood,
Offer one hymn—thrice happy if it find
Acceptance in His ear.
—William Cullen Bryant.

MANY ENLIST IN ENGLAND
London, Oct. 29.—There has been a great increase in recruiting throughout the country during the past week, according to a number of newspapers. The Manchester Guardian says recruiting is now going on at a higher rate than any reached since the early months of the war. King George's proclamation and the execution of Miss Edith Cavell in Belgium both have been the cause of bringing many into the ranks. The increase, it is noted, is despite the fact that Lord Derby's scheme for calling men by sections, drawing first the unmarried and those not engaged in work connected with military production, has not yet been put into operation.
The Guardian publishes messages from various towns, reporting heavy enlistments. Manchester and Birmingham are included among the centers showing the best results.

IGNORE SECTION AGAINST USURY
Washington, Oct. 29.—Comptroller of the Currency Williams, in an official communication to the National banks, called attention to the provision which prohibits a bank from charging an interest rate higher than is permitted by the laws of the state in which the bank is located. The comptroller declared that the sworn statements of conditions of a great many national banks show that the section against usury has been grossly neglected.

TREAT CATARRH BY NATURE'S METHOD
Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.
Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given but a cure seldom comes.
Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.
The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.
Brown's Drug Store have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve. advt.

BANKERS OF GROUP FOUR HOLD MEETING

About 150 bankers of Group Four of the Ohio Banker's Association, met in Wilmington, Thursday for a business session, banquet and social evening together. Several of the local bankers were included in the party and report a most enjoyable day. They were: Messrs. Cline, Johnson, Armstrong, McClure, Ballard, Ireland.

Mr. C. U. Armstrong, of the Washington Savings Bank, was re-elected a member of the executive committee, representing Fayette county, in Group Four, O. B. A.

Chairman M. R. Denver, of Wilmington, presided over the meeting. A number of highly interesting talks on banking methods were given close attention. Hon. Atlee Pomerene, United States Senator, and Governor Frank B. Willis made the chief addresses of the afternoon. Several members of the group made short addresses. Among the visitors present were Mr. W. L. Threlkeld, cashier of the Phoenix & Third National Bank of Lexington, Ky., and R. B. Barrett, assistant sub-treasurer of the United States.

The banquet in the evening was one of the most thoroughly enjoyable banquets ever held by the association. It was held in the Masonic Temple. The group was greatly pleased with the royal manner in which the Wilmington bankers extended hospitality.

THE BANNER CATCH OF BASS SEASON

Mr. Robert Dunn, in company with Mr. O. S. Tobin and Stanley Chaffin, journeyed down Austin way on Thursday afternoon to fish in the clear waters of Paint creek.

During the afternoon's endeavors of these three expert disciples of Isaac Walton, Mr. Dunn bagged, or hooked rather, the biggest catch of the day and incidentally the banner catch of the season—a beautiful game bass tipping the scales at four pounds and six ounces.

Local anglers report that the bass are "biting splendidly" the last week; one member of another party of fisherman folks reports that in five casts made one day about a week ago he landed five bass, the five aggregating in weight strong seven pounds.

MUST OBEY LAW IN CELEBRATING

Chief of Police D. L. Moore has issued a notice to Hallowe'en revelers that the police wish all persons to have all the sport they desire as long as the sport does not take the shape of destruction of property or causing other annoyance, by lifting gates off hinges, removing veranda furniture, or performing kindred acts which are violation of law and the rights of others.

Special policemen will be on hand the remainder of the week to assist in enforcing the law and prevent the mischief which is usually done by unthinking boys and girls.

CHERRY HILL IN THE CAMPAIGN

The monthly Parents and Teachers meeting will be held at Cherry Hill, Friday evening from 7 to 9 o'clock.

Hon. C. A. Reid and Rev. A. W. West will be the speakers for the evening, and music will be furnished by the Claxton quartet of the High school. All friends cordially invited.

The Ladies of the Otterbein M. E. church will serve dinner at the church election day. 255t2

In Social Circles

Many Washington friends of Miss Helen Pursell, youngest daughter of Mr. and Mrs. Charles Pursell, formerly of this city, now of Boise City, Idaho, will be interested to learn of her marriage on October the twentieth in the following account from "The Idaho Statesman":

The First Methodist church was the scene of an attractive wedding Wednesday afternoon when Gerald H. Harvey, son of Mr. and Mrs. G. H. Harvey, and Miss Helen Pursell, daughter of Mr. and Mrs. C. W. Pursell, were united in marriage by Rev. Willis Martin, at 4 o'clock. The church chancel was decorated with palms and ferns. The bride wore a traveling gown of African brown broadcloth trimmed with velvet and fitch fur. It was made with a Russian blouse. Her hat was of silver lace trimmed with the same fur as the suit and was relieved by a pom-pom of pink feathers. She carried a shower bouquet of bride roses. The bride was attended by Miss Laura Chrisman, who wore a black velvet Russian suit and carried violets. The best man was H. D. Johnson.

Prior to the ceremony Richard Erwin presided at the organ and gave a delightful musical program which closed with the wedding march as the bridal party appeared.

A wedding dinner was served at the home of the bride's parents to the wedding party and relatives of the bride and bridegroom. Mr. and Mrs. Harvey left that evening for the west for a honeymoon trip to the coast. They will be at home after November 10, at 1301 Hays street.

Mrs. Fred Hamm entertained with a most enjoyable noon luncheon on Thursday.

Covers were laid for ten, and red and white chrysanthemums used in decoration.

The guests included the following: Mesdames Joe Murphy, Beath, J. N. Wilson, W. M. Mitchener, J. W. Townsley and Misses Edith and Gertrude Gardner and Lelia and Bertha Townsley.

After the luncheon the guests engaged in an "Old Sayings" contest. Miss Edith Gardner receiving the prize, a hand painted plate.

Mrs. Henry Sparks delightfully entertained the Thursday Kensington club yesterday afternoon.

A feature of the afternoon's pleasure was an interesting talk made by Miss Josephine Gossard upon her western trip, illustrated by photographs taken enroute.

Immense white chrysanthemums were effective in decoration and an elaborate luncheon served. Mrs. C. E. Lloyd and Miss Sallie Dial assisted in the hospitalities.

Misses Gossard and Hendrickson were the only outside guests.

Miss Sutton and Miss Mary Hern entertained thirty young women at a jolly Hallowe'en party Thursday night.

There were beautiful Hallowe'en decorations, fortune telling and all the special amusements of this witches' festival.

Mrs. James Flynn assisted in serving a Hallowe'en lunch.

Mr. Elmer Huchison and Miss Olive McCune were quietly married in Frankfort Thursday afternoon at three o'clock.

Rev. Long officiated. The bride is the attractive daughter of Mr. and Mrs. Dave McCune, east of town. Her wedding gown of pale blue tulle, with white lace trimmings, and picture hat of black velvet, blue satin and plumes was most becoming.

The bridegroom is the son of Mr. and Mrs. John Huchison and one of

the progressive young farmers of the county.

They will go to housekeeping on a farm near Good Hope the first of March.

Members of the Junior set were indebted to Miss Juanita Haines for one of the most picturesque and delightful Hallowe'en parties of the week, Thursday night at her home on the Creek road.

It was a masquerade, with a dozen couples wearing all manner of clever Hallowe'en costumes, and the pretty young hostess disguised as the very spirit of Hallowe'en.

Ghosts met the guests at the gate and wended their way through lanes of pumpkin lanterns to the house, in ghoulish darkness, with only the uncanny light of the pumpkins. At the door each guest was given an end of a string which led them through the house in a spooky walk.

Attention, Farmers!

Herman Morris is now the sole representative in Fayette county for the Interstate Vaccine Co., of Kansas City, Mo. He will have on hands at all times a supply of fresh serum and virus, with which he will vaccinate hogs against cholera or teach the treatment to farmers. Mr. Morris will have his headquarters at the Arlington Hotel where word can be left for him at any time. 255t2

WELFARE MEETING

There will be a meeting of the chairmen and committees of the Welfare Association Rummage Sale at the room in the Y. M. C. A. on Saturday afternoon at three-thirty. All are urged to attend.

"TANLAC" NEW MEDICINE TO BE SOLD HERE

Preparation is Now Creating Sensation in Cincinnati.

Cincinnati, October 28.—Tanlac, the new medicine that is accomplishing such remarkable results in Cin-

cinnati, will be sold in Washington exclusively by Blackmer & Tanquary. This announcement has just been made by L. T. Cooper, the "Tanlac Man," and will, no doubt, prove pleasing to the people of Washington C. H.

Tanlac is called the "Master Medicine" and is made mainly from the roots, barks, herbs and flowers gathered from many of the remotest parts of the earth. The medicine obtains its high efficiency by the personal direction of Joseph Trimbach, a native German chemist of note.

It is claimed that Tanlac quickly overcomes stomach, kidney and intestinal ailments, as well as catarrhal affections, and will actually prolong life by restoring and keeping up the vigor of youth.

In a number of the great American cities thousands have been converted to the "Tanlac Man's" views and have been benefitted by Tanlac. Hundreds in Cincinnati are now taking the premier preparation and daily testifying to its merits.

The agency for Tanlac is awarded to only one drug store in each city or town. Blackmer & Tanquary are therefore fortunate to be awarded the same advantages of the "Master Medicine" as the larger cities. advt.

MEAT PACKERS BEHIND NOTES

Wilson Takes Up the Cases
Of the Meat Packers.

CONFERS WITH LANSING

Will Dispatch Two Communications
to London, One Protesting Against
Action of British Prize Court and
the Second Calling For Release of
Cargoes Held in English Ports—Im-
portant Points Involved.

Washington, Oct. 29.—In responsi-
ble quarters the statement is made
that President Wilson will shortly
dispatch two notes to London calling
upon Great Britain to withdraw from
the position it has assumed in the
controversy over the case of the Chi-
cago packers.

This report followed a conference
between the president and Secretary
of State Lansing.

The first one of these notes will
protest against the action of the Brit-
ish prize court in condemning the
cargoes of four vessels on the pre-
sumption that they were intended for
use in Germany. The second note
will call for the release of the twenty-

nine vessels which have been seized
but which have not been thrown into
the prize court.

At the conference with the presi-
dent, Secretary Lansing submitted to
him a brief resume of the situation
in the packers' cases. This resume
was based on reports made to the
state department during the past few
days by Alfred R. Urion, general
counsel for Armour & Co., who has
just returned from London, where he
represented the packers in the con-
troversy, and also on reports from
American officials in London and
Copenhagen.

According to the administration's
viewpoint the facts in the packers'
cases are not in question or in dis-
pute. The chief question is whether
or not Great Britain can prevent the
packers, as well as all other Ameri-
can exporting interests, from carry-
ing on their trade with neutral Euro-
pean countries. It is the packers'
contention, and also the contention of
the administration, that Great Brit-
ain in the prize court decision dis-
played an inclination to set aside all
international law in favor of its policy
to starve out both the civil and mili-
tary population of Germany. In order
to make the starving policy effective,
the packers contend, and the admini-
stration agrees with them, that Great
Britain is determined to prevent neu-
trals from trading with each other in
articles of conditional contraband, on
the presumption that such articles
might reach the enemy country in
some manner.

BULGARS MOVING ON TOWARD NISH

London, Oct. 29.—The Bulgarian
central army of invasion smashed Ser-
bian resistance after a week's violent
fighting and has captured Zetchar
and Kinslaszevac, the two points that
have been the main obstacles in their
march to Nish. The Bulgars are now
expected to advance southwestward
upon Nish to gain the control of the
Oriental railroad.

Further south, due east of Nish, the
Bulgarians took the height of Kren-
ovavlava, about fifteen miles northwest
of the strongly fortified city of Pierot.
Salonica reports that Pierot, too, is in
Bulgarian hands, but this is not con-
firmed in the official German state-

ment telling of the Bulgarian gains.
The Teuton invaders also claim
Kudavive, although the headway is
not specified. Since Oct. 23 they
have taken 2,043 prisoners. Kragu-
jevac, the chief Serbian arsenal, is
closely menaced by the central Teu-
ton army sweeping southward on
both sides of the Morava.

There are reports that the Serbians
have recaptured Uskup, which is not
improbable if, as Salonica dispatches
report, the French now hold the line
of Krivolak, Radovisla and Strum-
nitza for, with an army there and the
Serbians at Veles, Uskup would form
a dangerous salient.

The French, according to German
dispatches, have already landed 150,

000 men, with 100 guns, at Salonica.
Turkish artillery has entered the
fray in southeast Serbia in the neigh-
borhood of Strumnitza, and, according
to Berlin, in co-operation with the
Bulgarian mountain battery, has
"done great execution" against the
Anglo-French troops.

From Budapest comes the report
that Greece has served notice on
Great Britain that unless the allied
force at Salonica is immediately re-
moved Greece will disarm or intern
them with her own force.

The first hint as to how the Bulgar-
Teuton junction on the bend of the
Danube is to be exploited comes in a
dispatch from Budapest, which says
the Germans are preparing to use the
Danube for the transportation of
large quantities of coal and ammuni-
tion to Turkey, and to convey over-
land parts of submarines and electric
equipment.

In the western theater the Belgian
front was the zone of marked activi-
ties, the Germans directing a heavy
fire against Hel-Sae and Steenstrate
and to the positions north of Arras.
France, in an effort to break through
the allies' line, but without avail.

Except around Riga and Dvinsk
where the Germans are renewing
their efforts to reach the Dvina river
and near Czartorysk, on the Sty-
rera has been no heavy fighting in
the Russian arena.

CALL FUNDS FOR EUROPE

New York, Oct. 29.—The first call
for funds available from the Anglo-
French \$500,000,000 credit loan was
made by Basil B. Blackett, secretary
of the Anglo-French commission, and
Octave Homberg, one of the French
members, who remained in this coun-
try to adjust matters in connection
with the loan. The call requests
banks throughout the country where
the funds have been deposited to re-
mit by Nov. 15 15 per cent of the pro-
ceeds to the National City bank here,
the institution designated as the de-
pository of the proceeds as called for.
It is expected that the call will place
at the disposal of the British and
French government between \$60,000,
000 and \$70,000,000—15 per cent of
the amount paid in—by Nov. 15.

Will Be Spent in the United States.
London, Oct. 29.—Replying to a
question in the house of commons,
Chancellor of the Exchequer Reginald
McKenna stated that the British gov-
ernment has definitely agreed that all
the money raised by the allies' 5 per
cent loan will be spent exclusively in
the United States.

SERBIA DOOMED

London, Oct. 29.—The efforts of the
opposition to use the situation in Ser-
bia as an argument against the Brit-
ish government are being continued
with great violence. They have serv-
ed at least one purpose, namely, that
of awakening the British to the peril
that is facing the allies in the Bal-
kans. Appeals for quick and ener-
getic help are forthcoming from all
sides. There is little hope here of
stopping the Germans and the Bul-
gars on the northern front. The Teu-
ton army advancing south of Orzova
in the Danube loop is reported within
twenty miles of Kragujevac, the Ser-
bians' chief arsenal, and eighty miles
from Nish. The impotence of the
British to save Serbia from her ter-
rible ordeal is clearly evident, accord-
ing to the adversaries of the cabinet.

SEEKS FUNDS FOR INVALID SOLDIERS

New York, Oct. 29.—Mrs. Malcolm
Carter, a native of Belfrom, a British
subject, arrived here to collect funds
for invalid soldiers and to tell the
story of her experience in and escape
from Brussels, whither she had gone
to see her father, who was held as a
hostage by the Germans.

The Guiding Star in Stove Buying

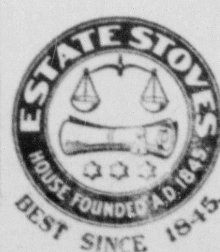

Wise men, and wise women, for nearly three-quarters
of a century, have looked to this sign to guide them in the
selection of their stoves. Unheeding the frantic appeals of
the imitators, untampered by the bait of low prices, they
have followed steadfastly the sign which leads straight to
stove satisfaction.

Follow the star in this city, and you'll walk straight
into our store. You'll find here the full line of

Estate Stoves and Ranges

—a dozen distinct patterns, each embodying more in the way
of improvements, conveniences, good looks and good wear-
ing qualities than was ever offered you in a stove; every one
sold under an iron-clad guarantee, made by us and backed
up by the factory in the strongest terms possible.

Make up your mind to "Own an Estate" this
season, and you'll have settled the stove prob-
lem for all time. Look for the trade-mark in the

FRENCH STIRRED DEEPLY

SUCCEEDS VIVIANI AS FRENCH PREMIER

Aristide Briand Selecting a New Cabinet.

Paris, Oct. 29.—M. Viviani's resignation as premier was the second to be caused in the French cabinet because of the Balkan situation, the first being that of Theophile Delcasse, the foreign minister. Aristide Briand, former premier, was asked by President Poincare to form a new ministry and has accepted the responsibility. Briand is a Socialist, although not one of the anti-military type. M. Viviani's resignation was followed by the collapse of the entire cabinet.

Leon Bourgeois, De Freycinet, M. Combes, M. Meline and Denys Cochin will be members of the new ministry.

Jules Cambon, who was ambassador at Berlin immediately preceding the outbreak of the war, and who previously had been ambassador at Washington, will be minister of foreign affairs.

Consternation was caused in French political circles by the resignation of the premier. It was outward evidence of dissension in the French government over affairs in the near east, similar to that which has been prevailing in the British cabinet. For the past fortnight it has been evident that all has not been well in the ministry. The first break was the resignation of the foreign minister. However, when the chamber of deputies gave the cabinet a vote of confidence, it was hoped that the factions in the ministry could get together and patch up their differences. These hopes proved futile. The opposition is criticizing the government for allowing the Teutonic powers to gain such ascendancy in the near east and to launch military operations on a grand scale when they might have been prevented.

CONVICT BRICK CANNOT SELL

Columbus, Oct. 29.—More than seventy-five convicts may have to be returned to the penitentiary idle house from Junction City, Perry county, where they are employed in making brick at a plant leased by the state, unless a sale for their product can be found with the state or cities. Almost 1,500,000 paving brick have been made by the convicts for which no market is in sight, since the attorney general ruled that the brick can not be sold to road contractors because of constitutional prohibition. The paving brick were manufacturer with a view to selling them to contractors through the state highway department, and 90,000 had been delivered to contractors. The attorney general's ruling, however, does not prohibit sale to the highway department, if the highway department is doing the work itself and not through contractors.

Giles Gregory, inmate of the poor house at South Norwalk, Conn., for many years, learned that Henry Green, an eccentric uncle who died several years ago, left him \$150,000.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color.

Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

BUSINESS REVIVAL RAMPANT

New York, Oct. 29.—So great has been the sudden and general revival in the iron and steel trade of the United States, it was said by authorities, that, with virtually every blast furnace and steel mill in the country working night and day to capacity, the demand for iron and steel products can not be satisfied, and it is almost impossible to buy, for immediate delivery, pig iron, scrap or ingots in sizeable quantities at any industrial plant in the country. The revival, which began about July 1 last, has been coming on rapidly, with a deluge of orders since the middle of August, and may not yet have reached its high mark.

Orders for 175,000 tons of steel rails for its lines east and west of Pittsburgh have just been placed by the Pennsylvania Railroad company.

HOW TO BE EFFICIENT.

Nothing saps the vitality like kidney trouble. It causes backache, headache, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble. Blackmer & Tanquary, advt.

MAN VISITS CITY ABSENT 20 YEARS

John Bainter, who about twenty years ago left this city for Detroit, Michigan, where he has ever since lived and prospered, returned to this city last evening.

Since leaving here a score of years ago, Bainter has never returned and has never received a letter from either relatives or friends during all those years.

Bainter says that when he left here twenty years ago, he had no intention of locating permanently in the city on the straits, but finding opportunities to his liking he located there permanently.

Needless to say he was anxiously inquiring of fellow passengers as to changes in the old home town and about his brothers and sisters who still live here. Strangers on the train which brought Bainter home made inquiries and soon found some passengers from Washington with whom Bainter engaged in conversation and from whom he obtained information as to the whereabouts of his brothers and sisters.

ANNUAL INSPECTION WOMAN'S RELIEF CORPS

The W. R. C. held its annual inspection Thursday at Memorial hall with Mrs. J. Wilson, Dept. Inspector of Dayton, in attendance.

At noon a splendid picnic dinner was served and those present augmented by late arrivals to the number of fifty.

The full ritualistic work was put on and earnestly commended by the State Inspector who said she had not seen better work in her entire trip throughout the state. Mrs. Wilson also praised the hall, with its out of the usual accommodations.

Mrs. Sweet, president of the Circleville corps, was an out of town guest.

SPECIAL NOTICE.
